

The Mount Vernon Council of Citizens' Associations, Inc.

P.O. Box 203, Mount Vernon, VA 22121-0203
http://www.mvcca.org

January 12, 2009

Attached are two resolutions provisionally adopted by the Board of Directors of the Mount Vernon Council of Citizens' Associations, Inc. ("MVCCA") at its January 8, 2009, meeting. The first resolution deals with grading policies within Fairfax County Public Schools. This resolution urges the Fairfax County School Board to adopt Option 4 from the grading policies considered and establish a 10-point scale for high school grades, add a .5 weight for honors classes, and increase the weight for AP/IB courses to 1.0. The second resolution deals with the South County Middle School. This resolution urges the Fairfax County School Board to accept the staff recommendation to include a stand-alone South County Middle School in the FY2010-2014 Capital Improvement Plan.

The MVCCA is a non-partisan association comprised of citizens associations and homeowners associations located within the Mount Vernon Magisterial District of Fairfax County. The MVCCA represents the interests of its membership in matters that affect the residents of the Mount Vernon District. The bylaws of the MVCCA allow the Board of Directors to provisionally adopt positions for the MVCCA membership in urgent circumstances. Provisionally adopted positions are presented to the MVCCA for ratification at its next scheduled membership meeting.

Very truly yours,

Patrick I. Rea, Co-Chair
Mount Vernon Council of Citizens' Associations, Inc.
